## Plantronics wireless headset pairing

November 30, 2021 by Cathie Categories Guides Post navigation How To Pair Logitech H600 Bluetooth Headset? What Does The Apple Software Update Do? Pairing Instructions for All Plantronics Bluetooth ModelsSource: PlantronicsI don't know the model of my Plantronics Bluetooth headset. How can I pair it to my cell phone or other mobile device?ProcedureAll current Plantronics Bluetooth headsets fall into one of three categories: headsets that have a single button for call control and power, headsets that have a sliding on/off switch, and headsets that have an on/off button. Instructions for each are provided below. Note that some legacy/obsolete headsets are exceptions to this rule. Those headsets are listed at the bottom of this article and are linked to their specific pairing instructions. Headsets that have a sliding on/off switch Examples: Start with your headset powered on. Press and hold the call control button for 5 or 6 seconds until the light starts flashing red and blue (some models flash red and white). Release the button and set the headset aside. Follow the pairing instructions for your cell phone or other Bluetooth device. If prompted for a passkey, enter 0000 (four zeros). Note: Do not be alarmed if your phone does not prompt you for a passkey, because many phones do not. Headsets that have a single button for call control and power Examples: Start with your headset powered off. Press and hold the call control/power button for 5 or 6 seconds until the light starts flashing an alternating red-blue (the Discovery 975 flashes an alternating red-white). Release the button and set the headset aside. Follow the pairing instructions for your cell phone or other Bluetooth device. If prompted for a passkey, enter 0000 (four zeros). Note: Do not be alarmed if your phone does not prompt you for a passkey, because many phones do not. Headsets that have an on/off button Examples: Voyager Pro, Pro+, and Pro HD Start with your headset powered off. Press and hold the power button for 5 or 6 seconds until the light starts flashing an alternating red-blue. Release the button and set the headset aside. Follow the pairing instructions for your cell phone or other Bluetooth device. If prompted for a passkey, enter 0000 (four zeros). Note: Do not be alarmed if your phone does not prompt you for a passkey, because many phones do not. Pairing your Plantronics Bluetooth headset to any device (we're going to assume a 'phone' here) is a three step process. 1. First you need to turn on the Bluetooth feature on your phone. This is generally off by default to conserve battery power. Please see your phone user manual. 2. Then, find your Plantronics headset below for instructions on how to place your headset in pairing mode. 3. When you are asked to enter a passkey, or passphrase, enter 0000 (4 Zeros) except models M1000 and M1500 (see below for their number). Once you have your Bluetooth headset all set up, we also have headset chargers, replacement ear buds and other useful Plantronics bluetooth headsets accessories if you need them. 60-Day Free Trial on our Best Office Wireless Headset Plantronics Discovery 925 Discovery 925 pairing instructions Plantronics Discovery 600 Series (640, 655, 665, etc.) Discovery 600 Series pairing instructions Plantronics Voyager 520 Voyager 520 pairing instructions Plantronics Voyager 510 Voyager 510 pairing instructions Plantronics Explorer 320 Explorer 320 pairing instructions Plantronics Pulsar 590A Pulsar 590a pairing instructions Plantronics M3500 M3500 pairing instructions Plantronics M2500 M2500 pairing instructions Plantronics M1000 M1000 pairing instructions If you're still having trouble pairing your Plantronics Bluetooth headset, then call us Mon-Fri, 9am-7:30pm Eastern Time at 1-800-432-3738, or by email at productsupport@headsets.com and one of our Support Specialists will be able to assist you. We offer free lifetime product support to our Customers. Think It's Time For A New Headset? Many Plantronics Customers have upgraded to the Leitner LH370. It features Bluetooth connectivity, and noise cancelling technology making it the perfect mono Bluetooth headset for your office environment. 1) Turn the headset on. Slide the power switch to the 'on' position showing green. The headsets LEDs will begin flashing red/blue. The Voyager Legend headset is now in pairing mode. If you don't see the red/blue flashing LED, turn the headset off and repeat step 1. If for a second time your Voyager Legend LED doesn't flash red/blue, your headset may have already been paired. Skip to the below section labeled: To Pair Voyager Legend to a Different Phone or Re-Pair to the Same Phone 2) Turn on your phone's Bluetooth feature. While the Voyager Legends LEDs are flashing red/blue, activate Bluetooth on your phone and set it to search for new devices. • iPhone Settings > General > Bluetooth > On • Android™ Smartphones Settings > Wireless & Networks > Bluetooth: On > Scan for devices NOTE: Menus may vary by device 3) Select Voyager Legend. Select "PLT Legend" on your phone as a found device. If your phone asks, enter four zeros (0000) for the passcode or simply accept the connection. 4) Complete pairing process. Once your Plantronics Bluetooth pairing is complete, LEDs on the Voyager Legend will stop flashing red/blue and you will hear "pairing successful." from the headset. NOTE: To enable caller name announcement, allow access to your contacts if your phone prompts you. Your phone should now be paired with the Plantronics Voyager Legend headset. Customers often ask us how to connect Plantronics Bluetooth headsets and with these instructions, you will be able to use your old headset with your new phone. To Pair Voyager Legend to a Different Phone or Re-Pair to the Same Phone: 1) Turn the headset on. Slide the power switch to the 'on' position showing green. 2) Using voice commands. Tap the Voice button on your Voyager Legend and say "Pair mode," or Press and hold the Call button on your Voyager Legend until you hear "Pairing" 3) Turn on your phone's Bluetooth feature. While the Voyager Legends LEDs are flashing red/blue, activate Bluetooth on your phone and set it to search for new devices. • iPhone Settings > General > Bluetooth > On • Android™ Smartphones Settings > Wireless & Networks > Bluetooth: On > Scan for devices NOTE: Menus may vary by device 4) Select Voyager Legend. Select "PLT Legend" on your phone as a found device. If your phone asks, enter four zeros (0000) for the passcode or simply accept the connection. 5) Complete pairing process. Once your Plantronics Bluetooth pairing is complete, LEDs on the Voyager Legend will stop flashing red/blue and you will hear "pairing successful." from the headset. NOTE: To enable caller name announcement, allow access to your contacts if your phone prompts you. Your phone should now be paired with the Plantronics Voyager Legend headset and ready for use. Customers often ask us how to connect Plantronics Bluetooth headsets and with this guide, you will be up and going in a matter of minutes. Time to Update Your Voyager Legend Headset? Make sure to update your headset firmware. Visit Plantronics HUB for the latest updates. 1 - You need to go into the device you wish to pair it and turn the Bluetooth feature first. 2 - Then you need to place the headset in pairing mode so your phone will find it. Find your model headset in the instructions below. Once the headset is in "Pairing" mode you will then need to follow the instructions in your cell phone or Bluetooth device's user guide on how to go to it to your phone and search for the headset & pair it to a Bluetooth headset. The passkey is 0000 (4 Zeros) except models M1000 and M1500 (see below for their number ) Plantronics Explorer 220, 230, 320, 330, 340, 350, 360, 370, 380, 390 Plantronics Voyager 520, 815, 835, 855 Plantronics Discovery 610, 640, 645, 655, 665, 925, 975 Plantronics K100 1. Begin with the headset turned off. Press and hold down the silver call control button in for 6-10 seconds. The light will flash blue first. Continue to hold the button down then release the button when the indicator light starts flashing red then blue. 2. Release the button and set the headset aside. Follow the pairing instructions for your cell phone or other Bluetooth device. If prompted for a passkey, enter 0000 (four zeros) Plantronics M100 Plantronics M1100 Plantronics Explorer 210, 240, 242, 243, 245, 395 1. Turn your headset powered on. Press and hold the call control button for 5 or 6 seconds until the light starts flashing an alternating red-blue. Release the button and set the headset aside. 2. Follow the pairing instructions for your cell phone or other Bluetooth device. If prompted for a passkey, enter 0000 (four zeros). Note: Do not be alarmed if your phone does not prompt you for a passkey, because many phones do not. Plantronics Voyager Pro, Pro+ Plantronics Backbeat 903, 903+ 1. Begin by turning your headset powered off. Press and hold the power button for 5 or 6 seconds until the light starts flashing an alternating red-blue. Release the button and set the headset aside. 2. Follow the pairing instructions for your cell phone or other Bluetooth device. If prompted for a passkey, enter 0000 (four zeros). \*\*\*\*\* for the older and discontinued models \*\*\*\*\* For the Plantronics 510 Voyager: Pressing and holding down the call control button and holding down the volume up at the same time until the indicator light on the headset starts flashing red then blue. Plantronics 655, 665 Begin with the headset turned off. Press and hold down the silver call control button in for 6-10 seconds. The light will flash blue first. Continue to hold the button down then release the button when the indicator light starts flashing red then blue. Plantronics Discovery 640, 645, 640e Begin with the headset turned off. Press and hold down the silver call control button in for 6-10 seconds. The light will flash blue first. Continue to hold the button down then release the button when the indicator light starts flashing red then blue. Plantronics Pulsar 590/590e & 590A & a Bluetooth device: Begin with the headset turned off. Press and hold the call control button then power the headset on and when the indicator light flashes red and blue, release the call control button. Once the headset is paired successfully the headset will flash blue. For the Plantronics Pulsar 590 & 590A & the Universal Adapter: Begin with the headset turned off. Press and hold the call control button. Power the headset on and when the indicator light flashes red and blue, release the call control button. Turn the Universal Adapter on. Press and hold the adapter pairing/connect button for 7-10 seconds. When adapter starts flashing red and blue release the buttons. The headset and adapter will flash blue when paired successfully. Plantronics Pulsar 260 For the Plantronics Pulsar 260, Begin with pendant powered on. Press and hold both the mute/play/pause button and the power on/off/pairing button simultaneously. When the indicator light flashes red and blue, release buttons. While pendant is flashing red and blue, use the phone menu to search for Bluetooth devices and select "260 Plantronics." When prompted for passkey, enter 0000. For the Plantronics M2500 (discontinued): Start with the headset powered on. Press and hold down the call control button while also rotating the multi function dial upward (away from the light) until the indicator light on the headset starts flashing red then green. When prompted for passkey, enter 0000. For the Plantronics M1000 (discontinued): Hit and hold the volume/mute switch in until the indication light starts blinking. For the Plantronics M1500 & A500 adapter (discontinued): Turn the headset on and the adapter off. On the headset push in and hold the mute/volume dial until the indicator light begins to flash. On the adapter press and hold the blue power button for 10 seconds. The light on the adapter will flash once after 3 seconds- continue to hold the power button for another 7 seconds until the light flashes red. If the pairing is successful, the headset will sound a tone and both the headset and adapter lights will turn off. For both the Plantronics M1000/M1500 (discontinued): If you remove the battery cover from the headset and then remove the battery itself. On the Green PC board itself there will be a letter followed by 4 numbers. These 4 numbers are your personal PIN code.
